Creates a  
beautiful natural  
appearance in  
lakes and ponds

Pond **DYE** WITH  
BIO BOOSTER

## TREATMENT FOR PONDS, LAKES, DUGOUTS, COMMUNITY RESERVOIRS

**POND WIZARD POND DYE WITH BIO BOOSTER** is a flexible, non-toxic water colorant and bacteria booster. It creates a beautiful natural appearance in lakes and ponds. This product is an excellent complement to the beauty of golf courses, park fountains large aquariums.

When used after **POND WIZARD POND FLOC, POND DYE WITH BIO BOOSTER** will help the Bacteria speed up the decaying process of the particles/sludge that settled to the bottom of the pond.

After calculating the water volume, pour the appropriate quantity of dye along the edge of the lake or pond. **Pond dye** will diffuse evenly, dispersing with currents and normal water movement. To ensure diffusion throughout the entire lake or pond, pour small amounts of dye at different points along the edge of the lake or pond or through an aerator, circulation or injection system, waterfall or fountain. Wear eye protection and rubber gloves, and carefully apply dye directly to the water. **Pond dye** is safe to fish and aquatic species, waterfowl, wildlife and pets. It is a non-corrosive dye and when used according to recommended rates, will not stain stone, fountains, approved aquatic features or swimwear. Dye will stain rocks, decking and other porous surfaces if spilled or applied as a concentrate.

### APPLICATION RATES

Apply 1 liter of pond dye per 1,000,000 liters. A 4 liter container will treat 4,000,000 liters. Water volume can be determined using the following formula: pond length in feet x pond width in feet x average depth in feet x 28.31 = total liters .

RECOMMENDED RATES FOR SMALL WATER BODIES:  
ADD ONE DROP FOR EACH GALLON OF WATER OR  
TILL COLOR MEETS SATISFACTION.

CAUTION: KEEP OUT OF REACH OF CHILDREN Avoid contact with skin, eyes and clothing. Do not take internally.

### STATEMENT OF PRACTICAL TREATMENT

Do not use in water that is expected to be consumed by humans. This pond dye is safe for swimming after complete dispersal. Use pond dye only in water bodies that have restricted flow.

### STORAGE AND DISPOSAL

Do not reuse empty container. Triple rinse and offer for recycling or disposal in accordance with local, provincial and federal regulations. Store above 0 °C to prevent freezing.
